Dear Alsask Residents/Property Owners

Re: Residential Waste Collection and Single Stream Recycling

The Rural Municipality of Milton No. 292 has contracted Loraas Environmental to provide curbside waste collection and single stream recycling services to the residents of Alsask since January 2nd, 2020, with minimal issues.

To offset a price increase received by the municipality from Loraas Environmental, the basic fees charged for residential garbage collection and recycling services need to increase slightly from \$25.00 to \$27.00 per month per household. Resolution 2022-009 was passed by council at the meeting held January 12th, 2022, to approve the new rates for the waste collection utility **effective March 1st, 2022:**

Waste Disposal Fee	\$14.50 per month
Recycling Service	\$ 9.50 per month
Loraas Fuel Charge	\$ 3.00 per month
Total basic garbage charges	\$27.00 per month billed quarterly

A collection schedule for 2022 was previously distributed and no changes are expected.

As previously stated, there will be no provision to allow for a residence to refuse one or both bins or to allow for the suspension of service for a period of time. Each residence in Alsask that is eligible for the residential garbage service has been assigned a waste collection and a recycling bin. Additional bins can be requested for the additional fee. Credits will not be issued for bins that are not placed out for collection during a month.

If you have any questions or concerns regarding the Loraas collection service, please call the municipal office at (306) 968-2922.

Thank you,

Robin Busby
Administrator
